A PATH THROUGH THE BIBLE

Pastor Ralph Teaching

Begins October 2

Reading the Bible for the 1st or 40th time can be exciting. What makes it so is to come upon a pattern of thought which repeats itself and thus the reader is pulled along by the tremendous sweep of biblical thinking.

Most of us read the Bible in snippets: a verse here, a chapter there, a sermon text on a Sunday morning. To do so is to fail to see/hear/experience The Story of the Bible. The Bible is a collection of 66 books. Although the 66 books have different authors, they are at the same time a single volume having a central theme: God's story intertwining with our stories.

Our time together will be both challenging and exciting:

We will explore a deeper understanding of the Biblical message.

We will provide an overview of the Bible: the themes/connections

We will discover a series of interpretive principles: learning how to 'think' Hebrew

Above all: to ask the question: "Are we willing to let the Bible speak to us?"
